Order / Resolution Ms. / Rout. No. , dated CR No 4361 A81/41-XA1 19

By :-

The attention of Messrs Parry & Co is invited to the BP cited. The Govt Hospitals may be indenting for cashew arrack in bulk as well as in quarts and there is no objection to the Co supplying the Govt Hospitals in bulk and in quarts. In their letter of 2.1.41 the Co had quoted Rs 2-4-0 a gallon as the price (excluding Duty) at which they were prepared to ~~issued~~ issue in bulk a gallon of 35° UP cashew arrack at the Mangalore WH. The issue price (excluding Duty) at the ~~Bought~~ Mangalore WH will be 9 pies per dram or Rs 2-4-0 per gallon of 35° UP cashew arrack when the issue to the Govt

Hospitals is made, bulk. The Co. are requested to state what it would cost them to supply in full quart bottles and to suggest a price (excluding duty) per a quart bottle of cashew arrack for issue from the W.H. to Govt. hospitals

Sir,

Cashew arrack - Mangalore Warehouse - Issue to Government Hospitals - Instructions issued.
Board's Proceedings R.No.596 Abk/41 d/24-3-41

With reference to the above proceedings we have the honour to point out that the instructions issued are only regarding the payment of duty and no orders have been passed regarding the price to be charged, minimum quantity to be ordered at a time, whether supplies are to be made in 2 or 4 dram bottles, packing and forwarding charges etc.

We shall, therefore, be obliged if you will pass early orders on the following points.

(1) Indents from Hospitals should be for only 4-dram bottles and for a minimum of 12 bottles (1 gallon) and thereafter in multiples of half a gallon or 6 bottles of 4-drams.

This will enable us to pack economically both from our own as well as hospitals' point of view.

(2) Our rate to hospitals will be the issue rate fixed for

spirit in bottles ex Warehouse, Mangalore.

(3) Packing and forwarding charges will be extra and will be included in our bil

We calculate these will be about as 12/- per case of 12 bottles of 4-drams, but we shall charge the minimum depending on the cost of the materials at the time of supply. If smaller bottles or a smaller quantity than the minimum of 12 bottles of 4 drams are despatched at a time, the cost of packing will be proportionately very much higher. Besides this it will be difficult for us to make despatches without delay and without increasing our staff. Also we cannot guarantee to be able to obtain supplies of packing materials.

(4)We shall not be responsible for any breakage or pilferage during transit.

As you are aware the cashew fruit season was rather late this year but we have commenced distillation and expect to be able to supply the hospitals about the end of this month.

We shall inform the Surgeon-General as soon as we have arrack ready.

We have the honour to be,
Sir,

According to the instructions in Board's Proceedings R.No. 596 Abk/41 dated 24-3-41 Cashew arrack should be used instead of colonial Brandy in all Government Medical Institutions.

2. Under condition 3 of the licence issued to Messrs. Parry & Co., Ltd., for the distillation of Cashew arrack at the Chowghat Distillery the sale should be made through the Mangalore Warehouse to the depots and shops in South Kanara District only in sealed bottles. The Inspector, Southern Distillery Circle has enquired whether issue of cashew arrack to Government hospitals may be made in bulk.

3. The condition of the licence referred to

So supra applies only to the issue to depots and shops in South Kanara District. As such, it appears that there can be noom objection for the issue of cashew arrack either in bulk or in bottles to the Government Hospitals. But as appreciable wastage will occur if ~~xxxxxxxx~~ issues are made in bulk, I recommend that the issue may be made in sealed bottles as it is done in the case of bottled foreign liquor.

Sir,

Cashew Arrack - Mangalore Warehouse - Issue to Government Hospitals in bulk and quart bottles - Prices to be charges at the Warehouse

---

We have the honour to thank you for the Board's proceedings C.R.No.4361-Abk/41-XA1 dated the 9th instant and note that Government hospitals may be indenting for Cashew Arrack in bulk as well as in quarts.

2 We are writing to the Surgeon-General asking him how the hospitals will be indenting for supplies, and on receipt of his reply we will quote him on the basis of the rates fixed for bottles of 4 and 2 drams ex our Mangalore Warehouse.

3 You have stated that in our letter dated 2-1-1941 we quoted Rs.2-4-0 per gallon of 35 U.P. ex our Mangalore Warehouse.

4 Our letter dated 2-1-1941 was in reply to your Ref.C.R.No. 10047-Abk/40-XA1 dated 11-12-1940 in which you asked for our quotation for the supply of bulk spirit provided about 1500 proof gallons were distilled.

5 We regret our quotation of Rs.2-4-0 does not apply to bulk supplies this year as we were not required to distil about 1500 proof

of cashew arrack as per the Board's proceedings R.No.169-Abk dated 27-1-1941

We have the honour to be,

Your obedient servant
for Parry & Co.Ltd.

Manager.
Managing Agents.

TGA/P.

P.S: We enclose copy of our letter of date to The Surgeon General. Madras.

Spirit

The Surgeon-General with the Government of Madras,

M a d r a s.

Sir,

Cashew arrack - Issue to Government hospitals

We have the honour to refer you to our letter of yesterday's date and also to the Proceedings of the Board of Revenue(Excise) Madras C.R.No.4361-Abk./41-XA1 dated 9-4-41 a copy of which has been forwarded to you.

We enclose a copy of our letter of date to the Secretary to the Commissioner of Excise in reply to the above proceedings of the Board from which you will note that there has been a misunderstanding regarding the bulk rate.

We are quite willing to supply your hospitals with cashew arrack in any packing which is most convenient to you and we refer you to the copy of our letter dated the 5th instant addressed to the Secretary to the Commissioner of Excise which we sent to you yesterday.

In this letter we suggested that hospitals should take their supplies from us in 4-dram bottles for which our price is as.6/- per bottle ex our Mangalore Warehouse in accordance with the Board's proceedings R.169-Abk dated 27-1-1941.

We also stated that we would charge you actual packing

THE EAST INDIA DISTILLERIES AND SUGAR FACTORIES, LTD.-(INCORPORATED IN ENGLAND.)

harges which we estimate will be approximately as.12/- per case of
welve 4-dram bottles.

We also suggested that hospitals should indent for a minimum of
ne gallon or 12 4-dram bottles and thereafter in multiples of half
gallon minimum or six 4-dram bottles.

Under this arrangement, packing charges would be lower than if
mall quantities were ordered from us at one time.

If, however, it will be more convenient to your hospitals to
ndent upon our Mangalore Warehouse in bulk or in quart size bottles
e will give you a quotation on receipt of your reply.

We regret, however, that if indents are sent to us for bulk
upplies it will be necessary for your hospitals to forward us re-
ceptacles into which we can fill the quantity ordered and then des-
atch from our Warehouse. We cannot undertake to obtain suitable
ceptacles of different sizes and hold these in readiness.

We therefore suggest that bulk supplies should be avoided.

If quart size bottles would be more convenient to your hospitals
e will give you a quotation for this size of packing if you will
et us know.

It will, however, save us trouble and expense if you take supplies
rom us in 4-dram bottles and our quotation to you for this size of
acking will therefore be correspondingly cheaper than if you require
ny special packing from us.

We also request that the procedure of indenting from all hospitals
hould be the same as this action will save expenditure and will
enable us to quote you a lower rate.

We have the honour to be.

Madras.

Sir,

Cashew Arrack - issue to Government Hospitals

We have the honour to refer you to our letter of t
to which we still await your reply.

We now understand from our Warehouse Agent, that some of
Treasury Chalans forwarded by the Superintendents of Hospital
duty paid, are not made out on the prescribed form G.8(A) an
details given therein are not in order. The Warehouse Office
Mangalore, has refused to accept these and we have instructed
Warehouse Agent to return them to the Superintendents concern

Treasury Chalans to be in order should be made out on G.8
forms and should bear the following details:

"Duty on ... gallons Cashew Arrack of 35 U.P. to be issu
from the Mangalore Warehouse to the Government Headquar
Hospital."

Please circularise all hospitals regarding this

To avoid any confusion and delay in executing orders, we suggest
you instruct the Superintendents of hospitals to remit duty direct
to our Warehouse Agent, Mangalore, on the quantity indented for by
them.

You will have noted from the Commissioner's Proceedings R.No.
596.Abk/41 dated 24-3-1941 that he has given the option to remit
the duty to the Sub-Treasury or to our Warehouse Agent, Mangalore,
direct.

Ref No. P.No.47A/41 dated 21st May 194 .

Sir,

Reference:- Letter No. Spirit dated 16-4-41 from the Manager, Managing Agents, Messrs. Parry & Co., Madras addressed to the Surgeon-General and copy sent to you regarding issue of cashew arrack to Government Hospitals.

Messrs. Parry & Co., Madras, state in their letter referred to above that they will supply cashew arrack in their usual packing of 4 dram (12 Oz) bottles at annas six per bottle, the rate accepted by you for supply at the Mangalore Ware-house plus the actual packing charges and freight to Madras which is estimated at roughly one anna per 12 Oz bottle. This offer may be accepted for all Hospitals. It would obviate the preliminaries to be observed by each Hospital if orders were placed for bulk supply on the Mangalore Ware-house, viz., the payment of duty on the arrack in advance into a Government treasury and the forwarding of the treasury receipt along with the indent to the Ware-house officer, Mangalore

Mangalore, and the testing by an Excise Inspector of the strength of the arrack received in the Hospital before it could be brought into use.

Supply in small size bottles, as is offered by Messrs. Parry & Co., is preferable to bulk supply, as it will prevent any possibility of being tampered with by the menials and attendants workin in the Stores.

Cashew arrack. Mangalore WH - Issue to Govt Hospitals.

(596 RH/41)

M4's query at B on p87 (C)

The issue price (excluding duty) per bottle of 4 drams of 35° up cashew arrack at the Mangalore WH has been fixed as Re 0-6-0. The Coy had quoted prices for both bulk and bottled cashew arrack for 1941-42, the price quoted for the liquor in bulk being Rs 2-4-0 per gallon of 35° up ex-Mangalore WH (ie Re 0-3-0 for 4 drams in bulk). But as the Govt did not accept the BD's proposal to permit sale of cashew arrack on draught in Govt Kannara Sh the Bd fixed the price for only bottled liquor. The Co may be prepared to supply cashew arrack to hospitals in bulk at the rate of Rs 2-4-0 per gallon quoted by them. For orders whether a presumption to this effect may be expressed.

p75 (A) (BP. 169/41)
p27 (A)
p27 (A)
p42 (A)
p75 (A)
p27 (A)

It is likely that the hospitals would take cashew arrack in bulk, cashew arrack is sold in 2 dram bottles in the municipalities & 4 dram bottles in the outside according to the limits of private possn in these areas. No limits is fixed for hospitals & none seems necessary as the possn in hospitals cannot be called "Private". The restrictions re the size of bottles which is necessary in view of the limits of private possn in municipalities & outside it, cannot be

Cannot be enforced in respect of issues to hospitals. There does not seem to be any reason why the hospitals should not take in full qt bottles or in bulk. It would be cheaper to take it so. The Co. may be asked whether the issue price per dram should be ~~Rs 1-4-~~ (Rs 2-4-0 per gallon) price per dram to the hospitals when issued in bulk. It is open to the hospitals would want the Govt arrack in full quantity. The Cost of the bottles & Corks is not known. The Co. may be asked what it would cost them to ~~fix~~ suggest a price

2.4.41

First ask the S.G. how the hospitals require the supply? In quart bottles or pints or how?

24/4

Please see A on p 33 (O) & p 37 (O). It seems quite clear that he would want in bulk & Quart bottles. For orders Rs may be asked in this Circ.

Note contd:-

p1-2 Cf — Board's Ref CR No 4361 A&x/41 dt 9.4.41 to Messrs Parry & Co

p3-5 Cf — From Messrs Parry & Co Letter dt 5.4.41

p7-8 Cf — From the A.C.D No 1080/41-A dt 9.4.41

p9-11 Cf — From Messrs Parry & Co Letter dt 16.4.41

p1 Cf — Messrs Parry & Co were informed by the Board that

the hospitals might be indenting for cashew arrack in

bulk as well as in quarts and that the issue price at

the Mangalore WH, in case of issues in bulk, would be

p 27 (A) Rs 2-4-0 per gallon of 35° up, the ~~issue~~ price quoted by them

p 9 & 11 Cf previously in January 41. Messrs Parry & Co now state

that the rate viz, Rs 2-4-0 per gallon for bulk supply quoted by them in January 41

was on the understanding that they would be required

to distil about 1500 proof gallons of cashew arrack this

year and that as they were not required to distil this

quantity this year, this rate will not apply to this year's

supply. They have suggested to the Superintendent

in view of the difficulty in obtaining proper receptacles

that bulk supplies should be avoided & the A.C.D also

~~has~~ suggested that the issues may be made in sealed

bottles (as is done in the case of bottled foreign liquors) as

appreciable wastages will occur if the issues are made

in bulk. Messrs Parry & Co have also informed the S.B.

that it would save them trouble and expense if the

Hospitals take supplies in 4 dram bottles, and that the

minimum that the Hospitals should indent for at a time

should be 12 four dram bottles or 1 gallon and thereafter

in multiples of ½ a gallon or 6 four dram bottles. and that

they are also prepared to supply in bulk or in quart bottles. Such supply is more convenient to the Hospitals. The rate of issue price quoted by Messrs Parry & Co for supply in 4 dram sealed bottles is the same as that (viz. Rs 2-4-0) fixed by the Board for issue to Shops from the Mangalore W.H. & Messrs Parry & Co state that on hearing from the S.G. they will quote him, on the basis of the rates fixed for bottles of 4 or 2 drams at Mangalore W.H. the parcel Messrs Parry & Co may be requested to address the Board again in the matter after hearing from the S.G, enclosing a copy of his letter. For orders.

Note. The supply to the hospitals can conveniently be made it a matter to be arranged between the Coy and the S.G. The Coy may be asked to approach the S.G. in the course with proposals for arrangements, after hearing from the S.G. For orders.

@ 6 as - bottle they get Rs 4-8-0 a gallon of 35° W.P. The bulk rate is Rs 2-4-0. The difference of Rs 2-4-0 is to meet the charges of 12 bottles (4 dr) supply Cork & bottling charges - 1.2 3 as per bottle. Moreover it is not surprising that Parrys discourage bulk supply. It is very likely that the S.G. would require supplies only in

P & Co. have not quoted any rate for bulk supplies yet. It is surely known that the hospitals cannot provide their own receptacles. Supply in bottles will probably be most economical in the long run.

6 52

Unless we might have called their price new for bulk supply but in their statement that they have no containers for bulk supply. I think we may await their further Comm'cation promised.

From Messrs Parry & Co Letter dt 24.5.41 p29 ✓

. The subject under consideration in this file is the arrangement to be made for the supply of Cashew arrack to Govt Hospitals from the Mangalore WH. Please see the Member's remarks on p2 above.

Messrs Parry & Co had suggested to the S. G.

(1) that Hospitals may take supply in 4 dram bottles at the rate of Re 0-6-0 per (excluding duty) per bottle fixed for supply from Mangalore WH; B at pp 13 & 15 ✓ A at p 75 (A)

(2) that the hospitals should indent for a minimum of 1 gallon or 12 four-dram bottles and thereafter in multiples of ½ gallon, or 6 four-dram bottles; C at p 15 ✓

(3) that duty may be remitted direct to the WH Agent Mangalore instead of into the Govt treasury A at p 25 ✓

The S.G. has accepted the arrangement of supply in four-dram bottles and also direct payment of duty to the WH Agent, though it is not clear whether he has correctly taken the rate of Re 0-6-0 per bottle as excluding the duty. The rate of 6 as. is exclusive of duty. seems to prefer the p 27 ✓ A at p 75 (H)

Necessary instructions may be issued to Messrs Parry & Co

~~Order~~ Resolution ~~Rout.~~ No. ....., dated CR No 4361 AB/41-XA1 19 .....

In consultation with the S.G with the Govt of Madras and Messrs Parry & Co Ltd, the Board prescribes the following procedure for the supply of cashew arrack to Govt Hospitals from the Mangalore WH:-

Cashew arrack of 35° up will be supplied in bottles of 4 drams and an indent signed by the Supt of Govt Hospitals. The indent shall be for a minimum quantity of 12 four-drams bottles at a time and if more than 12 four-drams bottles are required at a time the additional quantity shall be taken in multiples of half a gallon or 6 four-drams bottles. The cost price (excluding duty) for a bottle of 4 drams of cashew arrack is Re 0-6-0

Annual-I-84 (O)

I-15-41

A at p 75 (A)

at Mangalore WH and the Duty is Rs 3-0-0 per gallon of 35° UP or Re 0-4-0 per bottle of 4 drams. The packing charges are estimated by Messrs Parry & Co as approximately Re 0-12-0 per case of 12 four-drams bottles. The cost price, duty packing charges shall be remitted to Warehouse Agent - arrack warehouse direct to the WH Keeper, Mangalore arrack WH. and the Supply will be made by the WH Keeper from the WH against the WH Keeper's Advance Account. The Consignment will be despatched to the Hospitals concerned 'freight to pay'

RESOLUTION:-

In consultation with the Surgeon-General with t
Government of Madras and Messrs.Parry & Co.,Ltd., the Bo
prescribes the following procedure for the supply of cas
arrack to Government Hospitals from the Mangalore Wareho

Cashew arrack of 35°U.P.will be supplied in bott
of 4 drams and on indents signed by the Superintendents
Government Hospitals. The indent shall be for a minimum
quantity of 12 four-dram bottles at a time and if more t
12 four-dram bottles are required at a time the additiona
quantity shall be taken in multiples of half a gallon or
6 four-dram bottles. The cost price (excluding duty) for
bottle of 4 drams of cashew arrack is Re.0-6-0 at Mangal
Warehouse and the duty is Rs.3/- per gallon of 35°U.P. or
Re.0-4-0 per bottle of 4 drams. The packing charges are
estimated by Messrs.Parry & Co.,as approximately Re.0-12-
per case of 12 four-dram bottles. The cost price, duty a
packing charges shall be remitted direct to the warehouse
Agent - arrack warehouse Mangalore and the supply will be
made from the warehouse against the warehousekeeper's Adv
Account. The consignment will be despatched to the Super
